

Managed Services

MSI Group, the UK's fastest growing medical recruitment agency, are able to deliver a variety of market leading managed services offerings.

As an authorised supplier to multiple NHS Frameworks since 2007, our in-depth knowledge of the NHS and the medical recruitment industry ensures our team understand the issues faced by all stakeholder groups involved in the volume procurement of temporary staff, and enables us to provide proven solutions.

MSI offers:

- A truly collaborative approach
- Leading i-Engage™ Technology
- In-depth knowledge of the NHS gained from 15 years experience in the healthcare recruitment market
- Medical recruitment sector experience that's made us the UK's fastest growing healthcare recruitment agency (Recruiter Fast 50 in 2015)
- Industry leading candidate vetting and screening processes to ensure consistency in the quality of permanent and temporary agency staff.
- NHS Improvement rate cap compliance and reporting

Through these we aim to reduce your temporary staffing procurement costs by:

- Implementing controls and systems to standardise staffing processes
- Managing your volume recruitment via Master Vendor, Neutral Vendor, or Hybrid models
- Driving significant cost & process efficiencies through our CCS G-Cloud 7 National Framework approved Procurement to Pay temporary staff booking system i-Engage™
- Delivering a workforce management solution to suit your budget
- Constantly monitoring and reviewing processes to ensure optimal performance at all times.
